

Become a Chartered Member

Who is eligible?

If you are registered with the Professional Engineers Board of Singapore (PEB) you could be eligible to take the Institution's Supplementary Examination to become a Chartered Structural Engineer.

If you have successfully completed both the FEE and PPE examinations in the civil discipline and the interview, you will demonstrate many of the skills required for MIStructE registration.

About the exam

The exam will last 2 hours and will be completed online via an exam platform that will allow you to type answers and sketch using your preferred software. This will be immediately followed by a 60-minute, online review with two examiners. Further guidance on using the exam platform will be provided after booking.

Documents needed to apply

- Completed and signed application form
- Certified copies of degree certificates
- Confirmation of PEB registration and success in the FEE (Civil) and PPE (Civil) exams and interview
- CV
- Application fee - £285 (payable online)

Key dates

- 28 November 2024 - application deadline
- Date TBC - exam preparation session
- 12 December 2024 - exam and interview (beginning at 2pm SGT)
