4.1 Submission of Application

The online application form should take about 10 to 15 minutes to complete. All entries are to be made in Title Case (i.e. Capitalise Each Word). During the application process, you may save your progress by selecting **"Save as Draft"**. This allows you to return and continue from where you left off the next time you logged in. To resume, simply click on the application with a **"Draft"** status on your dashboard.

Step 1 - Declaration

Before you proceed to apply for SPE, you are required to select your applied engineering branch, as well as your specialisation branch and requirement set under the dropdown list. You will also be required to read about the requirement, and you declare that you have done so. You may click and read the requirements at *"Applicants–Specialist Professional Engineer (SPE) Application"*, please review all declarations carefully and check the corresponding boxes where applicable to proceed with the application.

Note: The **"Proceed"** button will be enabled only after you have opened and reviewed the requirements under **"Applicants–Specialist Professional Engineer (SPE) Application"** and checked all the required declaration boxes.

The screenshot shows the 'Declaration' step of the application process. There are three dropdown menus: 'Applied Engineering Branch*' (with 'Civil' selected), 'Specialised Branch*', and 'Requirement Set*'. Below these is a 'Declaration:' section with two checkboxes. The first checkbox is labeled 'Please click and read the requirements at Information for Applicants – Specialist Professional Engineer (SPE) Application. I have read and understood the requirements for registration as a Specialist Professional Engineer (SPE). I hereby authorise the Professional Engineers Board (PEB) to seek verification on the information submitted in any manner and by any means as it deems fit and proper.'
